MYSORE CITY IMPROVEMENT TRUST BOARD

Report to accompany the estimate for widening and re-constructing storm water drain running in Seebiah lane, ~~Xxxxxx~~ Devaraja Mohalla

The present existing storm water drain running in Seebiah lane and to the West of Devaraja Market is not functioning satisfactorily This is due to the insufficient section of the open drain, as the result the side roads are heavily flooded and scoured during rains

Under the circumstances, it is proposed to improve the present storm water drain by widening 6' x 4½' The drain will be covered with R C C Slabs for a length of 700' after constructing the masonry side walls

The catchment area that drains to this is 1/3 sq ~~yds~~ mile , and the quantity of water discharging through this valley is 216 cusecs The calculation sheet is herein enclosed for the proposed section of the vent way

The total cost of the estimate works up to Rs 25,000/-

Early sanction to the estimate is solicited
